- The GAC Task Force created a safety statement that will hopefully become conference approved literature. Give feedback until October 20th on the CPA website on the World Service Conference page.

- XPI Steering Committee
  The XPI Steering Committee was created when CPA and XPI separated. The XPI chairperson asked the XPI officers to meet once a month so we could address the issues and challenges confronting XPI as an intergroup. Please note that all decisions made are done at the XPI Meeting, never at the Steering Committee. To honor transparency, and our desire to practice this principle, a document with more information has been created.

- Motion 2nd; voted unanimously in favor of continued use of the Google App
- Question and discussion about XPI's new position of GAC Liaison being a voting position at XPI
    - The liaison would obviously not have a vote at the GAC, but is a valuable position to the XPI, and perhaps a vote could be considered
    - This is not an officer position, and doesn't represent any members or groups, so perhaps a vote would not be appropriate
    - Motion and 2nd; voted unanimously in favor of discussion and decision to be tabled until October XPI Meeting
