Reminder to the meetings who record their speaker meetings. It is important that you email the XPI Zoom team (xpizoom@gmail.com) each month after speaker is recorded with the following information:

1. Name of meeting (e.g. “Next Generation Recovery”)
2. Date of speaker
3. Name of speaker and how they would like their name on the website (e.g. “John D,” “Jane D,” “Anonymous,” etc.)

There are two reasons why the Zoom Coordinator will not process the meeting’s speaker recording prior to receiving an email with this information:

1. What could happen is after the Zoom Coordinator processes the speaker recording, guessing how the speaker wants their name on the website, and the XPI Web Team works to get the recording on the website, we find out that the name of the speaker is incorrect, leaving the Zoom Coordinator and Web Team to have to go through the process again.
2. There are now three meetings that record their speakers and receiving this information from each meeting makes it much easier for recording to be processed
